WHO WE ARE

Stone4Kitchen is a minority, woman-owned and operated local business specializing in custom stone fabrication and installations for the commercial and residential markets. We serve the Hampton Roads area, going as far North as Richmond and as far South as the Outer Banks, NC. Stone4Kitchen set out to revolutionize the countertop industry by producing quality products at an affordable price. Most fabricators maintain a minimum inventory while Stone4Kitchen maintains the largest inventory of stone slabs in the Hampton Roads area. We have state-of-the-art fabrication technology and use only our own in-house installation teams, rather than hiring subcontractors. Everything is done in-house by our dedicated team. EZcabinetry is a division of Stone4Kitchen; founded in 2018 with the same business goals in mind. Together Stone4Kitchen and EZcabinetry have set out to redefine the kitchen remodel industry by combining cabinets and countertops and providing factory direct pricing to the consumer. By eliminating the middleman, we make purchasing new cabinets and countertops less complicated. With EZcabinetry there is little to no turn-around time. It's fast and it's affordable. It's that easy.

Our Hampton Facility is over 24,000 square feet of showroom and warehouse. In addition, we have 2 slab yards with over 1600 slabs of stone in stock. We have cabinets available for immediate delivery or pickup. The fabrication area features brand new state-of-the-art equipment. We are able to handle large orders with the most intricate and complicated layouts. If it's made from stone, we can make it. What distinguishes us from most other fabricators, is the speed. We can fabricate and install much faster than what is considered the current standard.

WHAT WE OFFER:

STONE COUNTERTOPS

We fabricate and install both natural & engineered stone countertops for the kitchen, bathroom, and all other areas.

PLYWOOD CABINETS

We offer top-grade plywood cabinets in a variety of colors. All our cabinets come with soft-closing solid wood doors and adjustable shelves. In-stock, ready for pick up.

BACKSPLASH & TILES

We feature a wide array of backsplash tiles to fit any budget and to match any stone. Visit our showroom to check out the tile display room.

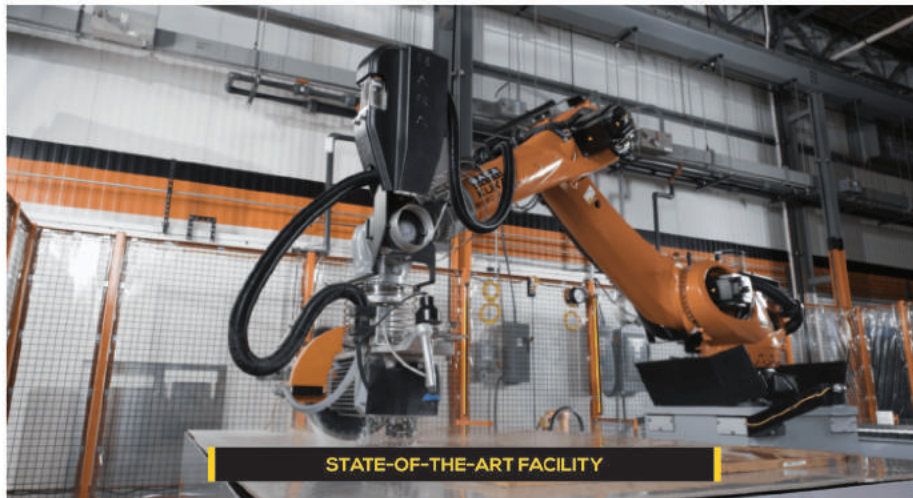

LUXURY VINYL TILE

We sell kid-proof, pet-proof, and low-maintenance Luxury Vinyl tiles that are suitable for busy homes to commercial spaces. The LVT tiles are 100% waterproof.

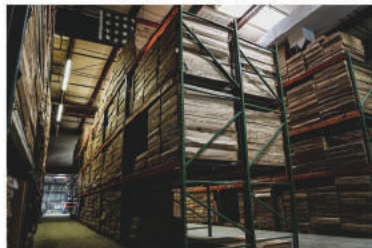

ADVANTAGES OF WORKING WITH US

It's our attention to the small stuff, scheduling of timelines, and keen project management that makes us stand out from the rest. We are creative while keeping a close eye on the calendar and your budget. Our prices are competitive and fair. There are no surprise bills. Any unexpected or additional expenses must be pre-approved by you and your company. That's how we would like to be treated, and that is how our clients are treated. Work with us, and you'll work with professionals – vigilant of deadlines, and committed to exceeding expectations.

STATE-OF-THE-ART FACILITY

HAMPTON SHOWROOM

IN-STOCK CABINETS, SAME DAY PICK UP

Unlike most cabinet suppliers, we maintain a full inventory of all our cabinet lines. They are in-stock ready for immediate delivery or pick up. All cabinets are assembled at our facility and will be installed with our in-house installation team to ensure the quality of the products.

FEATURES & CUSTOM COLOR

All our cabinets are made out of high-quality plywood, with solid wood fronts. We don't use MDF or any type of particle board in our cabinet construction. Every cabinet comes with convenient modern features that include soft-closing full overlay doors, dovetail drawer box, under-mount steel glides and durable "framed" construction.

QUALITY & LONGEVITY

We supply the majority of our cabinets to large multi-family apartments. That's why our cabinets are extra-thick wood, quality construction, and durable finish. They are built to last and there are no upgrade charges. All we sell is quality.

LARGEST INVENTORY

We have the largest slab inventory in Coastal Virginia and we work with all major stone suppliers. In addition to we attend the popular stone exhibits around the world to purchase the newest colors on the market. Our Hampton location maintains a constantly rotating inventory of 1,600 slabs.

DIRECT PRICING

Factory-direct pricing means you can take advantage of amazingly low prices since there is no middle man. Working directly with the manufacturer removes some of the links in the supply chain (and their overhead), so you can enjoy a bargain price without sacrificing quality.

CRAFTSMANSHIP & ADVANCED FABRICATION TECHNOLOGY

Our fabricators utilize brand new, state-of-the-art stone fabrication machines, which feature CNC precision while cutting and polishing.

PROJECT & PORTFOLIO

Stone4kitchen and EZcabinetry supply cabinets and countertop to more than a dozen of apartment complexes all over Coastal Virginia. We have been working diligently to constantly improve our service and quality of the products we provide. Every year we invest into our business to stay on top of the cutting-edge technology. We continually offer new products and services to our clients to meet the modern standards of ever-changing design trends. To save time and to make it easier for Project Managers, we offer concierge service. After receiving a project selection sheet, and the address of the property, our specialist will travel to the location and will provide you with an estimate with an outstanding 3D design layout.

COMMERCIAL SPACES

We have been providing our services to many industries and have maintained high standards since we began. With the experience of working with remodelers, builders, developers, hotels, and casinos, we have developed our own proven methods to reduce the turn-around time.

MULTI-FAMILY PROJECTS

We work with several developers and contractors daily. All we require is for you to make a selection and we will do the rest for you. In addition, many of our partner-contractors like to send their clients to our extensive Hampton showroom. As part of our concierge service, we help the customers make selections without disclosing the costs. The customers see a beautiful showroom with extensive stone and cabinet selections, not just tiny samples in a small office.

DESIGN SERVICE & FIELD MEASUREMENTS

Our expert field measurement specialists use Lidar laser measurement equipment that provides custom templates with precise laser measurements which are directly imported to the CNC fabrication machines.

IN-STOCK CABINETS

SAME DAY PICK UP

ARLINGTON COLLECTION

Modern / Contemporary Shaker style cabinets are units that are uniquely simple yet attractive. They have doors with recessed panels and minimal adornments and are great for both contemporary and modern transitional designs.

ALEXANDRIA COLLECTION

A Raised Panel Door conveys a traditional style and can easily create a design theme that stands the test of time. The middle section of the door is raised, creating a groove between the door's frame and the central panel. This groove creates a clear visual rectangle that defines each door and panel, and creates highlights and shadows that bring depth to the cabinetry.

CUSTOM ORDER

2 - 4 MONTHS

Every project is unique; therefore, every design is special. We take custom orders on multi-family projects and we also work with interior designers and architects to help them to reach their desired look. The cabinets can be manufactured in almost any Sherwin-Williams color and the production will take only 2 - 4 months depending on the order.

EXAMPLE COLORS

COUNTERTOPS

We import directly from the mines as well as maintain relationships with various granite importers and distribution centers. Thus, we are able to obtain any kind of natural and engineered stone. We stock quartz from all major suppliers in the world. All the stone slabs are available for viewing. We encourage contractors and builders to send their customers to us to view the full slabs of stone.

We custom fabricate for every job. Nothing is precut. Our expert template teams will come and laser measure all areas so that the CNC machines can fabricate exactly to dimensions and specs. We offer multiple edging options as well as various backsplash options, both in height and thickness for a more modern look. We can do overhang with supports and waterfalls for kitchen islands. Whether fireplaces or outdoor kitchens; if it's made of stone, we can fabricate it.

NATURAL STONE

We maintain a vast selection of Granite slabs in large lots to keep the color consistent for larger kitchens and commercial jobs. Our inventory includes all levels of stone; from builder's grade to luxury series and even exotic natural Quartzite and Soapstone slabs. Multiple slabs of Marbles are also available in stock. These are perfect for some countertops as well as bathroom vanities for clients who like the look and feel of real marble.

ENGINEERED STONE

We keep bundles of various patterns and colors of Quartz from multiple manufacturers in stock at our slab yard. We buy quartz in large bundles and are thus able to offer premium patterns at much lower prices than smaller fabricators.

Please be sure to visit our Hampton Location to check out our inventory. You can also see the samples and place an order. Our Hampton Showroom keeps more than 1200 slabs in-stock.

FINISHING TOUCHES

To keep things simple and cost friendly we can supply sinks and faucets at your convenience. We have the standard options, as well as upgrades. We offer a variety of sinks and faucets at little or no costs. We buy in bulk and are thus able to pass the savings to you. Don't fret if all the selections have already been finalized; we can work with the products form your supplier. You can bring your own sinks or faucets and we will fabricate to fit them.

TILE & BACKSPLASH

We work with nationwide major backsplash suppliers and also we fabricate custom stone backsplash that can cover an entire wall. Commercial places more often use these type of full-height stone backsplashes to add more elegant and contemporary look to the project.

LUXURY VINYL TILE

Kid-proof, pet-proof, and low-maintenance, Everlife LVT is flush with on-trend wood looks. Industry-leading warranties—backed by the largest flooring distributor in America—combine with best-in-class ASTM testing performance in sound, slip-resistance, flammability, and safety. From busy homes to light commercial spaces, the lineup also features an easy-install locking system, a CrystaLux™ Wearlayer, and coordinating trim. Contact our office for details.
